

THE SIGNAL

July 2022

AMA Charter 2484 501c3 Organization Est. 1988

PRESIDENT'S MESSAGE

Greetings everyone. We are now just past the halfway point of a great flying year at the club. We've welcomed new members and returning members as well. I want to thank everyone who pitched in and lent a hand in pulling off a very successful and well attended War Birds event in May. I counted 60+ attendees; many were guests and/or first time visitors to Hall Field.

Special recognition regarding War Birds over Temecula event: a special thanks to **Ken and Linda** who did the setup, food preparation, and cooking. Ken relayed to me that **Al** jumped on the 2nd grill and helped keep the burgers moving. You guys are appreciated more than you know.

Judges: **Steve, Tyler, Lloyd, and Louis**. Tie breaker: VP **Rick Harris**.

Lloyd (Club Secretary) got the access road signs made and placed, with balloons on them, no less. Thanks Lloyd!

Clark and Elaine for their tireless effort in conducting the raffle event, collecting the funds, and just being super great sports about it all.

Kevin and his son **Parker** for helping with the club mascot and Parker helping out with registration and name tags.

Richard Dierking for running the sound system and his son **Bryan** for photographing our event, placing our flags on the overhead, and so much more. We greatly appreciate the father & son members at TVF. To view Bryan's photos from the event, check out his gallery at the following link: <http://www.bryandierking.com/part-2-war-birds-over-temecula-2022>

Phil, thank you so much for making your sound equipment available for use and, as our treasurer, keeping us on budget.

And most of all, thank **you** for getting your friends and family out to the event for this very special day. Thank you for chipping in with chairs, pop ups, coolers, etc. And thank you, at the very end of the day, for helping get everything wrapped up properly. We can't thank you enough!

I spoke with the Sea Cadets and they were very happy about their experience. They would like to come back for next year's War Birds event.

Chris Wolfe a.k.a. the RC Geek was very thankful for the opportunity to capture some of his planes for his YouTube channel. (<https://www.youtube.com/c/Thercgeek>)

Special Guest: **CDR. Dick "King" Plutt USN** (ret.) was very impressed with our entire club and membership and expressed interest in coming back next year or sooner.

And also a special thanks to our event sponsors **Justin Morgan** at HobbyTown Temecula, **Troy Hanson** at AMainHobbies.com, and **Emily** at RCBattery.com, who collectively donated a plane, 15 hats, 12 t-shirts, 6-batteries, and various tools for our raffle prizes.

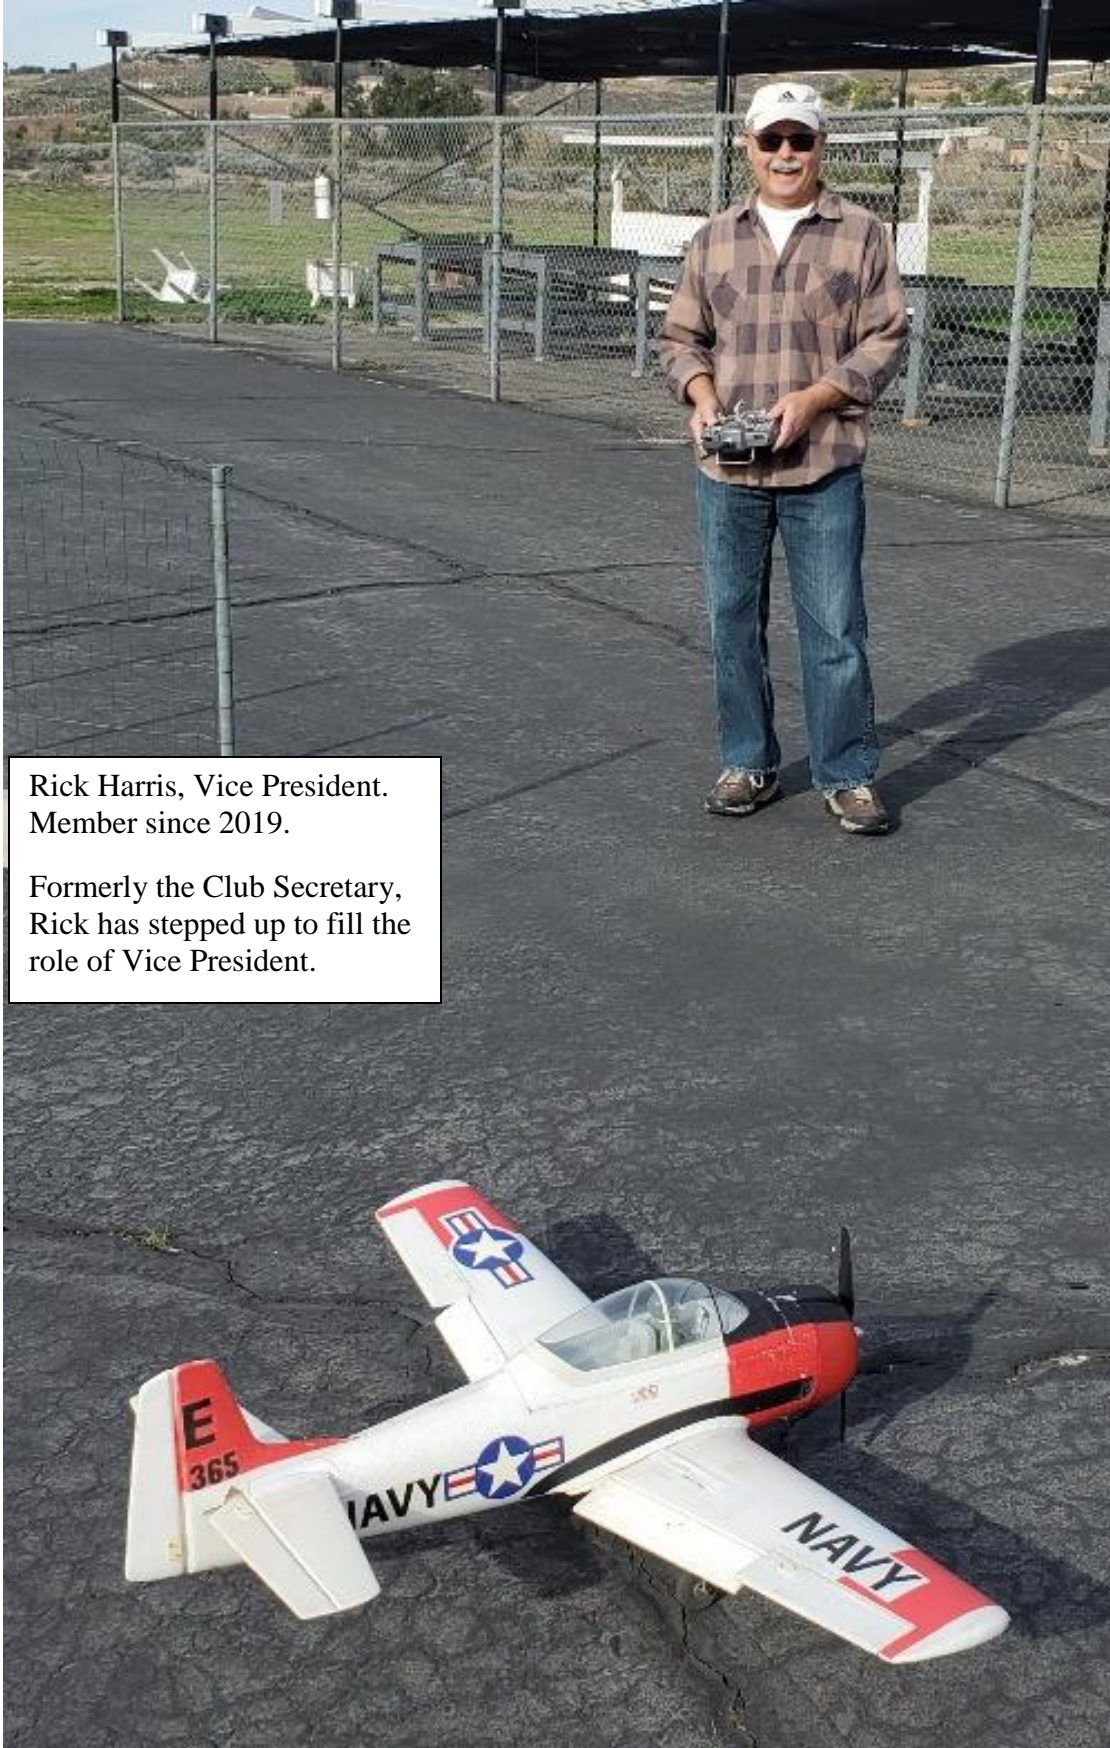

Safety Note: Keep your head on a swivel especially when you are at the pilot station and others are also at theirs. Call out your takeoffs and landings, and also call out when you go on the runway to retrieve your model or cross it to retrieve it at points beyond.

Be mindful of those propellers and always keep clear of them especially when you have power on the model, and double check that your plane is in the off position before you put your hands or arms near them.

Let's continue to have a safe flying time at the field in 2022!

- Jerry M. Supler, Club President

MEET THE BOARD

Rick Harris, Vice President.
Member since 2019.

Formerly the Club Secretary,
Rick has stepped up to fill the
role of Vice President.

Phil Hughes, Treasurer.
Member since 2019.

Kevin Sindermann, Membership Director.
Member since 2020.

Lloyd Romeo, Club Secretary.
Member since 2019.

Pete Tynning, Safety Officer.
Member since 2019.

Steve Wall, Past President.
Member since 2017.

Steve served TVF for the past several years as the most recent (and now past) president from 2017-2021.

Ken Koorndyk, Board Member at Large.
Member since 2010.

Ken and his lovely wife Lynda have been very gracious to TVF volunteering to cook during the Family Fun Fly events. Their efforts are very much appreciated.

Sightings

Darwin with his P-38 Lightning.

New member Randy with his Commander.

New member Brian and Ken with their T-28 models.

New members Dave and Chris with Dave's Apprentice STS.

Welcome aboard, guys!

Clark with his P-51 E-flite model.

Ed with his Kadet Senior.

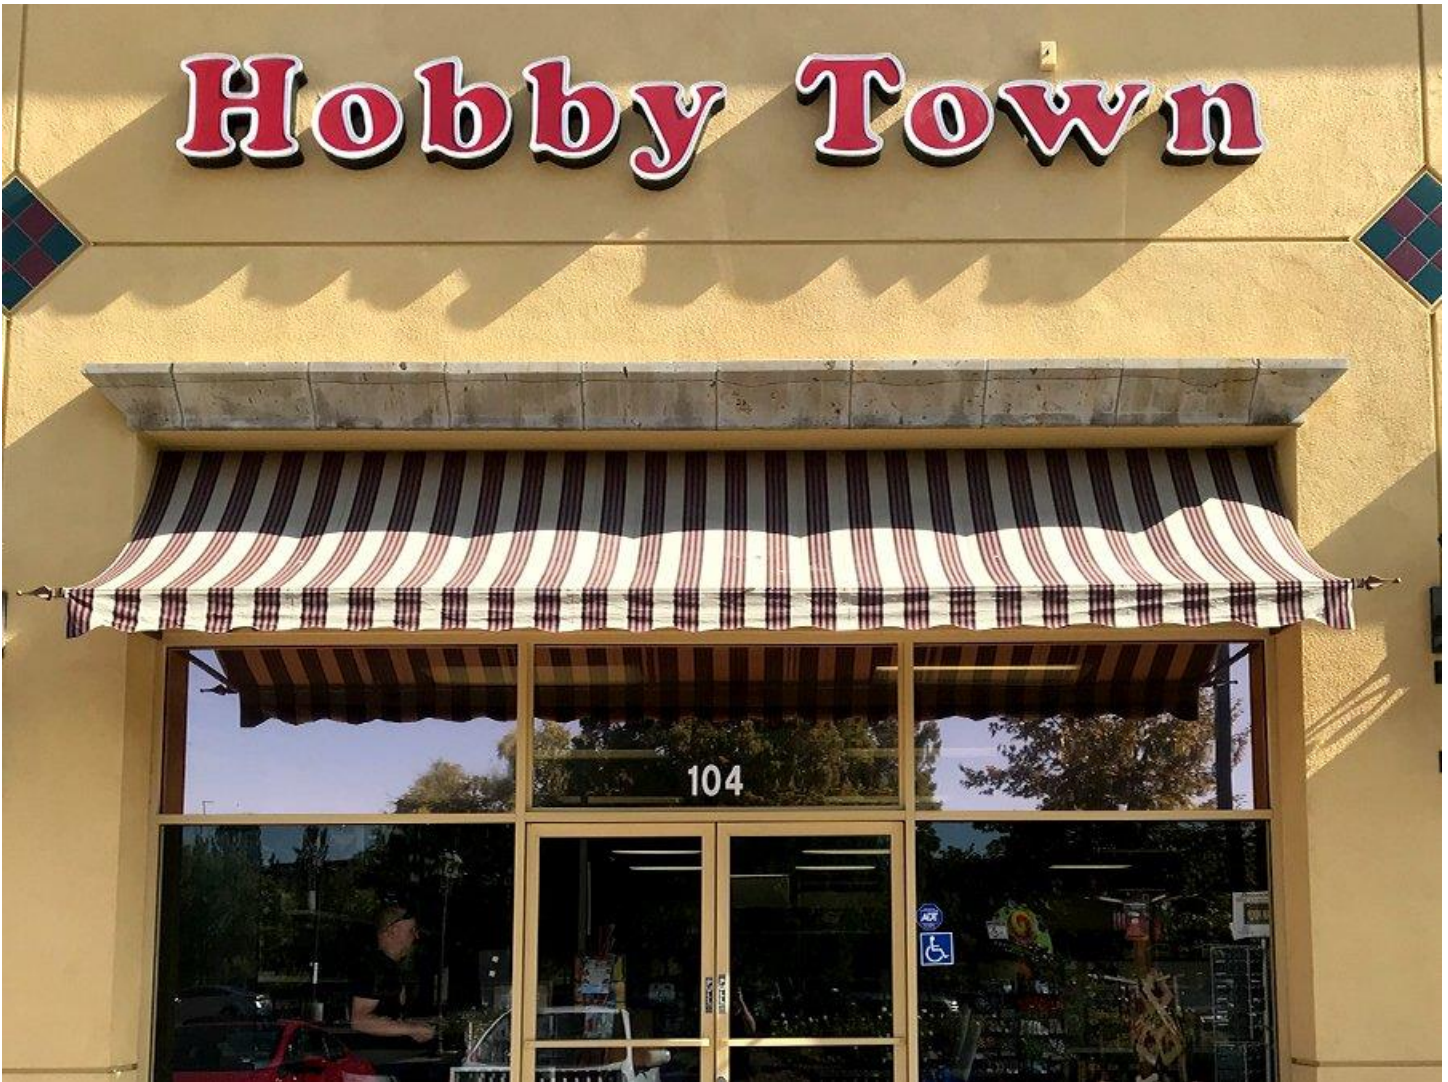

The new helo/drone landing pad.

Thanks to Richard and Jerry for getting this cleaned up and painted!

Sponsors

Temecula Valley Flyers would like to thank the following sponsors for their generous donations, including one model plane from E-flite, several hats and T-shirts, and various RC tools.

41377 Margarita Rd F104, Temecula, CA 92591

(951) 699-7492

Justin Morgan, the owner of HobbyTown Temecula, sponsored our most recent event, War Birds over Temecula. He generously donated a HobbyTown banner to the club.

Please see Justin for all your hobby needs!

<https://www.ainhobbies.com/>

Thanks to Troy Hanson at AMain Hobbies for their generous donation of various RC tools & supplies.

RC⚡BATTERY.COM

<https://rcbattery.com/>

Thanks to Emily at RCBattery for their generous donation of lithium polymer batteries.

(Stand by for a new discount promo code, coming soon via email.)

General Member Meeting Minutes

May 14, 2022, 11:15 a.m., at Hall Field

Members present: Jerry Supler, Rick Harris, Steve Wall, Ken Koorndyk, Al Kuhn, Tyler Hamby, Lloyd Romeo, Clark Wilcox, Dennis Bridgman, Gary Peterson, Randy Luth

Financial Report: See Board Meeting Minutes

Membership Report: No Report

New Business:

- TVF Hats- Jerry reported that between 16 and 18 members showed interest in purchasing hats, and working on ordering 40 hats. Pete is taking the lead on this project.

Old Business:

- Update: Warbirds Over Temecula, Saturday May 21st from 8am to 2pm
- Jerry reported that he has been able to bring on board several club/event sponsors who are donating several raffle prizes.
- Hobby Town Temecula / Horizon Hobby- donating a RC plane worth \$250, various hats, t-shirts, and hand towels.
- AMain Hobbies- Troy Hanson is donating several tool packs.
- RC Batteries- is donating several lipo battery packs. They are also offering a 10% discount to TVF members. An email was sent out by Jerry describing the process.
- “The RC Geek” Chris Wolfe will be attending our Warbirds event. Chris is very well known in the RC community and manages a popular YouTube channel. His father Larry owns Jet Hanger Hobbies and has been pioneer in the jet arena for decades. Chris will be flying his F-4 Phantom and a Douglas A-1 Skyraider that is the prototype that Hanger 9 will be putting into production.
- Chris is featured on Episode 19 of the AMA podcast. Here is a link to the podcast. <https://amablog.modelaircraft.org/blog/ama-podcast-ep-19-january-27-2020-chris-wolfe-the-rc-geek/>
- The AMA has posted our Warbirds event on their website.
- Jerry put out a request for volunteers to assist with the prep and setup for Warbirds:
- Jerry will hand out AMA brochures, Clark and Elaine will handle the 50/50 and prize raffles, Rick will be placing the sponsor banners and assisting Ken with the repair of the shade cloth over the pit area. Tyler will be running the mower around the runway. Tyler, Lloyd and Steve Wall will be judging various categories. Lloyd will be placing event signage leading into the event.
- Jerry reported that the Sea Cadets will not be attending, but may have other service groups to assist.

- Big thanks to Jerry for bringing this all together! Well done!!

Agenda Items:

- Jerry reported that 6 of the 10 original agenda items for 2022 have already been accomplished, and 6 other non-agenda items have also been completed. Thanks to everyone involved in these projects.

Round Table:

- Gary Peterson was curious as to how many attendees we can expect at Warbirds. Jerry's guess was 30 to 40.
- Tyler Hamby suggested holding over some of the donated items for future events.
- Jerry said he would get a schedule out for Warbirds. Already done, see email.

Upcoming events: No report

Project Reports:

- Vail Dam Project- No report given

Meeting adjourned – 11:55

TVF Facebook page: [TVF RC Aircraft Club](#) come join us.

ADVISORY TO ALL RC PILOTS

FAA Inspections- Jerry reported that a RC club down toward San Diego had an impromptu inspection from a FAA representative. They were looking to see if the members were compliant with the new FAA regulations regarding UAS (Unmanned Aircraft Systems) identification numbers and TRUST, a UAS safety test sponsored by the AMA.

Basically, we will be required to register with the FAA and obtain a number that must be displayed on the outside of your RC planes, helicopters and drones. One number is issued to the pilot and that same number would be displayed on all of your models. The cost is \$5 and is good for three years. Be sure to file as a “recreational” pilot.

The TRUST certificate is issued by the AMA after you complete a free online test. The test is very easy and the site walks you through the entire test.

To register with the FAA- <https://faadronezone.faa.gov/#/>

To take the TRUST test - <https://trust.modelaircraft.org>

NOTE TO MEMBERSHIP

Approximately March 2024 through March 2025, Hall Field will be shut down Monday through Friday to accommodate Rancho Water Company's local dam project. However, during this period, we will have full access to the flying field on Saturdays and holidays.

Then, from approximately March 2025 through and until January 2026, there will be no access to the field.

Then, from approximately January 2026 (exact dates unknown) there will be a period where the field will begin restoration of its runway (by the contractor) and then of its shade structure (by TVF) through the early months of 2026 (exact dates unknown). We have been advised that RWC is very fond of TVF and for this reason they want to see our site restored when their operations are completed.

In the meantime, we are in the early stages of exploring potential locations for an alternate flying field for when Hall Field is displaced by these RWC operations. More details to come later.

The research below was forwarded to me by Richard Dierking, who has taken the time to scout a potential alternate flying field on RWC property (Vail Lake) for when access to Hall Field begins to change for us.

I will be meeting with RWC's chief engineer (Randy) in the very near future to discuss options for an alternate field as we discuss other matters pertaining to the displacement of our club facilities and the restoration timeline in 2026, as it was last noted by Randy that RWC has only a 90% timeline outlook of the contract regarding the dam. Thus, things will become clearer in the months ahead.

Positive news: we will be getting a brand-new runway at exactly the same dimensions. It will be up to TVF to rebuild our shade structure either by DIY or contracted construction.

So why are we telling you all of this? We have discussed these things amongst ourselves as members for the past several months. However, we realized there are several new members coming onboard from our sister club and in general who need to be advised of these things in advance.

Also, during this period of time, we are hopeful that the membership will remain intact. How this will affect future dues will be discussed at a later date and time.

I am very hopeful and see a very positive future for TVF in the coming years.

- Jerry M. Supler, Club President
